Woodlands Pupil Offer: Mapping Against the DfE Enrichment Benchmarks

DfE Benchmark	How Woodlands Meets This Benchmark
1. A strategically aligned enrichment offer	Enrichment is an integral part of our curriculum and reflects our vision, values and curriculum principles. Opportunities such as Inspiring the Future Week, Diversity & Culture initiatives and carefully planned educational visits are designed to develop aspiration, personal development, wellbeing and a broader understanding of the world. The Leadership Team reviews the Pupil Offer annually to ensure it continues to support the school's priorities.
2. A broad and well-rounded enrichment offer	Pupils benefit from a wide range of experiences across arts and culture, sport, nature, civic engagement and life skills. This includes opportunities such as Young Voices, theatre visits, Forest School, swimming, Bikeability, Safety in Action, residential visits and participation in community projects.
3. A well-communicated enrichment offer that celebrates participation and achievement	Pupils and families receive regular information about enrichment opportunities through curriculum communications and school publications. We celebrate participation and achievement in weekly Celebration Assemblies and the weekly newsletter, performances, learning showcases and recognition of pupils' accomplishments both in and beyond school.
4. An enrichment offer shaped by the school or college community	Our offer reflects the needs, interests and context of our school community. Pupils are encouraged to make a meaningful contribution through leadership opportunities such as School Council, Eco Council, House Captains, Librarians and Buddies, while partnerships with local organisations help ensure opportunities remain relevant and purposeful.
5. An accessible and engaging enrichment offer	We are committed to ensuring that all pupils can participate fully in the wider life of the school. By providing many experiences during the school day, including whole-class visits, workshops, visiting speakers and themed events, we seek to remove barriers and maximise participation for every child.
6. An enrichment offer that works in partnership	Strong partnerships enrich pupils' experiences and provide access to specialist expertise. These include links with Tonbridge School, The Leigh Academy Tonbridge School Sports Partnership, local churches, museums, theatre groups, sports organisations and other community partners.
7. An outcomes-focused enrichment offer	Our enrichment programme is designed to develop the knowledge, skills and qualities pupils need to thrive. Through experiences such as pupil leadership roles, public performances, community projects, residential visits and careers-related learning, pupils develop confidence, resilience, cultural capital and aspiration.
8. A continually improving enrichment offer	We regularly review and refine our Pupil Offer to ensure it remains ambitious, relevant and responsive to pupils' needs. Feedback from pupils and staff, together with annual Leadership Team review, helps us build on strengths and identify new opportunities for enrichment.
