

Woodlands Primary School

Early Years Foundation Stage Policy

Written by	Antoinette Gosling
Ratified by Governors	Autumn 2016
Date for Review	Autumn 2019
Signed – Chair of Governors	
Signed - Headteacher	

It has been impact assessed, in order to ensure that it does not have an adverse effect on race, gender, or disability equality, by Mary Priestley

Values and Ethos

At Woodlands Primary School we promote learning that is

- active and creative
- independent and collaborative
- challenging and relevant

We enjoy exploring our world by

- embracing challenge
- persevering when we fail
- celebrating success

Together we respect ourselves, each other and our community through

- tolerance and fairness
- care and friendship
- pride in our learning

In these ways we grow and fulfil our potential

Rationale

“Every child deserves the best possible start in life and the support that enables them to fulfil their potential. Children develop quickly in the early years and a child’s experiences between birth and five have a major impact their future life chances. A secure, safe and happy childhood is important in its own right. Good parenting and high quality early learning together provide the foundation children need to make the most of their abilities and talents as they grow up.” (Statutory Framework 2012)

At Woodlands Primary School the Early Years Foundation Stage is viewed as a distinctive phase of education which integrates the care and education of our youngest children. We believe that all children are unique and bring with them a diverse range of previous experiences and learning which must be acknowledged and built upon. We value parents as children’s first educators and ensure that they are active partners in their child’s school education.

Purposes

The following policy is directly related to our school vision and aims. It documents further aims and strategies we employ in order to address the key principles for children’s learning and development. We believe:

- every child is a unique child who is constantly learning and can be resilient, capable, confident and self-assured.
- children learn to be strong and independent through positive relationships.
- children learn and develop well in enabling environments, in which their experiences respond to their individual needs and there is a strong partnership between practitioners and parents and carers.
- children develop and learn in different ways.

Guidelines In order to achieve this we have a commitment to the four themes of the Early Years Foundation Stage Framework

Areas of Learning

There are seven, statutory areas of learning:

Prime Areas

- **Personal, Social and Emotional Development-** Making relationships, building self-confidence and self-awareness and managing feelings and behaviour
- **Communication and Language-** Listening and attention, Understanding and Speaking. Teaching staff ensure they provide opportunities to experience a rich language environment.
- **Physical Development-** – Providing opportunities for children to develop their co-ordination, control and movement and that they have an awareness of health and self-care.

Specific Areas

- **Literacy-** This involves encouraging children to link sounds and letters and to begin to read and write
- **Maths-** Providing opportunities to develop children's understanding of numbers, calculation and shapes, space and measures
- **Understanding the World-** Staff provide opportunities to explore, observe and find out about people, places, technology and the environment
- **Expressive Art and Design-** The children are given opportunities to explore and use imagination in art, music, movement, dance, role play and design technology

Relationships with Parents

We know what an important role parents play in their children's learning journey and we aim to involve them as much as possible in school life. We do this in a range of different ways which range from communication with home to inviting parents into the school setting:

- ✓ Introductory Sessions
- ✓ Stay and play sessions
- ✓ Reading books shared between home and school
- ✓ Weekly and termly newsletters
- ✓ Parent workshops (for example on phonics)
- ✓ Contributing to Learning Journeys
- ✓ Home/School diaries

Teaching

We recognise that teaching can take place at **all** times of the day through more directed teaching sessions, through times of play and inside and outside the classroom. We encourage all of these. We strive to make our environments irresistible to children and encourage our staff and volunteers to seize every opportunity for teaching. Weekly and daily planning formalise this and aim to ensure a balance of formal and informal learning. Staff are encouraged to think carefully about their questions and interventions in children's learning in order to optimise this.

Assessment

The Early Years teaching staff record their initial assessments of the children in a form of a baseline, observational assessment (EEXba). These take into account all available information from parents and previous settings. We continue to observe children and will regularly record our observations, particularly when we see 'wow' moments, which are often recorded on stickers or post-it notes. We analyse and review what we see or know about each child's development and learning, and then we will make informed decisions about the child's progress. This enables us to plan appropriate next steps.

Each child has their own Learning Journey, which documents their learning. This includes: observations, photos and examples of their work in school. We assess each child in each area against the Early Learning Goals (ELGs). As well as the baseline data, we also gather data at three other points in the academic year. Profiles are moderated within school with colleagues from other year groups and with other schools within our collaboration.

We formally report to parents three times a year, in November, February and July. The report in July is a detailed, written summary and contains information about **how** each child learns and an assessment against each of the seven areas of learning.

Transition

At Woodlands Primary School we work closely with the local pre-schools to ensure that we have detailed information about the children prior to them starting school. The Inclusion Manager and Early Years Leader meet with the pre-schools in the summer term prior to the children starting school. The Early Years teachers observe all of the children in their pre-school settings and we invite the children to join us for three sessions in the summer term. Early Years teachers and the Early Years Leader carry out Home Visits during the summer term and the children are then placed in three classes following these visits.

As the children prepare to enter KS1, the Year 1 teachers observe the children in the Early Years setting during the summer term. The Early Years teachers also meet with the Year 1 teachers to discuss the end of year data within a Pupil Progress Meeting in order to ensure a smooth transition into Year 1.

Children with SEND

We uphold the values of the SEND Code of Practice and follow our school SEND policy to ensure that all children are given the support required to achieve the best possible outcome at the end of the Foundation Stage. Each child's individual needs are assessed and monitored very closely throughout the year and prompt action is taken to provide individual or additional support, as required. We liaise very closely with pre-schools and health care providers to ensure that children with additional needs make a smooth transition into school life, and that any previously identified targets or support can be continued from the start.

More Able Children

We seek to recognise the vast array of individual talents that all children have and nurture them in a positive way. All children are suitably challenged through the learning environment and through adult led activities. Learning is differentiated to meet the needs of groups and individuals.

Health and Safety and Safeguarding

We follow updated safeguarding advice from Keeping Children Safe in Education (2016) and follow the systems in place in our Safeguarding Policy.

All other policies relating to Health and Safety and Safeguarding are followed according to school policies.

Particular Areas to Note:

- The outside area has a comprehensive risk assessment in place and this area is checked each day to ensure that it is safe. Records are kept of this.
- In line with school policy, staff and volunteers are **not** permitted to take photos on personal phones, cameras or other equipment.
- Liaison with Safeguarding Leads in other settings takes place before the pupils start school to ensure that documentation relating to child protection is passed to the school.
- The key worker in this EYFS setting is always the class teacher.
