Speaking and Listening in Year 1

Your child will only need to prepare one piece of 'Speaking and Listening' for each term.

This term, each colour group will be allocated a week when children will need to bring in a short presentation about 'Woodlands'. They might want to think about their route to school and draw a map, they could describe which woodlands or forests they have visited, they could draw and label a woodland animal or a tree. The choice is yours.

Please ensure that your child is ready with their presentation on the relevant Monday morning. They will have the opportunity to share it with their class during the week.
