

Our theme for Term 6 is The Enchanted Woods.

This is our What we are Learning for week beginning 21st June 2021.

- **Literacy** – We will be looking at the story of Stanley's stick by John Hegley. We will be thinking about what adventure we could go on with our own stick. We will be writing about what we would like our stick to turn into.
- **Communication and Language** – We will be looking at the structure of an insect and asking questions about them. What does it look like? What do you know about it? How is it different to another insect?
- **Phonics** – All classes will be reinforcing sounds, segmenting and blending words in addition to practising their writing.
- **Maths** – This week we will be looking at the value of numbers 11, 12, 13, 14 and 15. We will discuss how they are teen numbers and are made up of a ten and some ones. We will be ordering, comparing and making them with different resources.
- **Expressive Arts and Design** – This week the children will be creating their own magical wand stick based on our story for the week.
- **Understanding the World** – We will be looking at leaves and how most trees have different shaped leaves. We will talk about how leaves help us work out what sort of tree it comes from. Can you bring in a leaf you find on the ground and work out what tree it has come from?
- **PSED** – This week we will be looking at how we all grow from babies to adults. We will discuss how our abilities and visible features change as we get older.

Please ensure your child comes to school with a named sunhat and filled water bottle. Please ensure they have sun cream on before the school day. They are welcome to bring in their own named sun cream that they keep for themselves and do not share; however, they must be able to apply it themselves as adults cannot apply it for them. Thank you.

Please talk about the activities we do in class with your child. WB 21.06.2021
