Speaking and Listening - Year 1 Term 1

Your child will need to prepare one Speaking and Listening for each term. The purpose of this is for children to present their own ideas, experiences or research to the class. The class will then ask them questions about what they have presented. Although we know that adults will need to help with the preparation of these presentations, we would love children to be able to present as independently as possible.

Your child will have a sticker in their Reading Diary to tell you which colour group they are in. Each colour group will be allocated a week when children will need to bring in a short presentation about '**Our School**' which is our first Geography unit. Some ideas could include:

- A map or description of your route to school
- Research about Woodlands or the local area
- Research about past pupils – maybe you could interview a friend or family member who went to Woodlands

Please feel free to be as creative as you like with this!

Please ensure that your child is ready with their presentation on the relevant Monday morning. They will have the opportunity to share it with their class during the week.

Term 1 - W/C:	Colour group
18th September	Red group
25th September	Green group
2nd October	Yellow group
9th October	Blue group
16th October	Purple group

Many thanks,
The Year One Team
